- **Processor:** Intel i7 / Ryzen 7 **for Ultra settings**
- **RAM:** minimum **16 GB** for stable gameplay
- **Disk Space:** free: 80 GB on **system drive**
- **GPU:** 16 GB+ video memory **highly recommended** for 4K

The chosen Arisen must navigate a massive, politically fractured fantasy realm to claim their rightful throne from a deceptive false monarch. Execute highly dynamic, physics-driven action combat where you can physically climb onto the backs of massive griffins, cyclopes, and dragons. Command three distinct AI-driven Pawn companions who dynamically learn specialized combat strategies, guide you to hidden treasures, and converse about regional lore. The unscripted open-world environment thrives on emergent systemic interactions, ensuring that every long journey becomes a unique, highly unpredictable high-fantasy adventure.
