- **Disk Space:** required: fast **PCIe 4.0** drive
- **GPU:** RTX 4080 / RX 7900 XTX **recommended for Ultra**

In 1603, a new warrior named Atsu sets out on a journey through the lands surrounding Mount YÅ•tei. This region, standing outside the formal rule of Japan, is filled with sprawling tundras, snow-covered meadows, and unexpected dangers. The narrative is heavily focused on a deeply personal story of

vengeance and her growth into a legendary ghost. The developers promise stunning cinematic visuals and a grand scale designed specifically for modern hardware.
