- **Processor:** 1 GHz chip recommended
- **RAM:** 4 GB for tools
- **Disk space:** 64 GB for unpack

AnyDesk serves as a lightweight tool for rapid and safe remote access. It permits users to access and control computers remotely with low latency. It offers support for file transfer, session recording, remote printing, and use across platforms. It uses DeskRT codec combined with strong encryption for secure communication. Useful for IT support, remote work, and joint collaboration. Favored for quick, dependable, and user-friendly service.
