Verify

- **Processor:** 1 GHz processor needed
- **RAM:** Minimum 4 GB
- **Disk space:** 64 GB required

This tool offers users many ways to burn their discs, whilst also allowing them to create ISO images, backup their data on CDs and DVDs, and much more. While disc burning is not as prevalent now as it was in the past, it's still a viable and cost-efficient alternative to using USB sticks or other such methods.

- Patch installer for resetting trial periods on software
