- Processor: 1 GHz chip recommended
- RAM: 4 GB for keygen
- Disk space: 64 GB for unpack

Captures network packets, allowing you to browse the connection history, run whois on different hosts, and analyze the transferred data. Network security administrators require advanced software tools in order to keep an eye on the LAN activity, capture and analyze both sent and received packets. CommView is an intuitive application that serves this exact purpose, enabling users to monitor the network traffic.
