### Description

Hash code: e789dcc21734e08a1b0558f05a682a2e

Last modification: 2026-02-12

- Processor: Dual-core CPU for activator
- RAM: At least 4 GB
- Disk space: 64 GB for setup

CorelDRAW serves as a vector-based graphics editor for creating designs and illustrations. It equips users with tools for vector, raster, typography, and page design. It supports advanced color management, control, and non-destructive editing. Designed for logos, branding, signage, and print projects. It delivers multi-page layout capabilities, workspace customization, and file support. Recognized for flexibility, fast performance, and ease of use.
