- **Processor: 1 GHz dual-core required**

- **RAM:** Needed: 4 GB

- **Disk space:** At least 64 GB

Internet anonymity with your very own Virtual Private Network connection that makes your Internet experience simple as well as secure. Websites you visit usually bundle trackers for targeted advertising,

search engines monitor user habits and profiles to offer suggestions, and so on. While these measures are meant to enhance the user experience, it is equally true that some might feel, and for good reason, that there are too many prying eyes watching. Online privacy has become a concern of any computer user.
