Verify

- **Processor:** next-gen chip for **heavy physics** processing
- **RAM:** enough space for **background apps** and OS
- **Disk Space:** required: fast **PCIe 4.0** drive
- **GPU:** high bandwidth GPU for **next-gen mesh shading**

Sam Bridges embarks on an inspiring mission of human connection beyond the UCA alongside a diverse cast of returning and new companions. Traverse rugged landscapes beset by otherworldly enemies, dynamic environmental hazards, and a haunting existential question about the cost of connection. Kojima Productions delivers a visually stunning narrative engineered to maximize hardware capabilities with seamless transitions and photo-realistic character modeling. The journey expands

across completely fresh global territories, offering vastly upgraded traversal mechanics and deep strategic combat options.
