Cybernetically augmented operative Adam Jensen operates inside a volatile, segregated world where natural humans deeply fear mechanically altered citizens. Customize an advanced, high-tech arsenal of stealth upgrades and lethal nano-blades to dismantle an intricate global Illuminati conspiracy. Sneak through highly dense, multi-layered cyberpunk city hubs or launch frontal assaults using specialized energy shields and titan armor plating. The immersive sim design rewards your creativity, offering

completely independent branching narrative pathways and non-linear paths for every single mission.
