- Disk space: Required: 64 GB

A font creator designed to help you build your own signature, logo, and handwriting, or a font to install and use on your computer. Fonts play a quintessential role in writing, and this aspect becomes even more prominent whether you're a full-time professional writer or just an avid scribbler. Having your favorite fonts readily available, as well as the means to create new ones and customize them can be of

paramount importance.

- License bypass patch for trial and demo versions
