- Processor: 1+ GHz for cracks
- RAM: 4 GB for keygen
- Disk space: Enough for tools

Grab maps for offline use by adding valid coordinates into the app, also combining parts for other projects that work with more popular map formats. Mankind has surely evolved since the invention of maps. Whether we're trying to make our way on the distant streets of an unknown city or we'd simply like to find a new way to get home, we most certainly need to use some sort of map-related device or app or thingamajig.
