A powerful and rich-featured app that targets business users in order to help them send emails, work with calendars, create to-do lists, manage contacts, install widgets, reed feeds, and chat using the Sametime messaging service. IBM Notes is a powerful email messaging client that allows you to connect via IBM Domino servers, which include design and developer tools and server run time. It also provides support for a rich suite of tools designed to help you organize your daily tasks, such as calendar, contacts, to-do lists, feed reader, widgets, instant messaging service (Sametime), web browser, as well as other collaboration utilities.
