- **Processor: At least 1 GHz, 2 cores**

- **RAM:** 4 GB recommended

- **Disk space:** Enough for tools

It allows users to bypass the activation process without requiring a genuine product key. Allows activation of Microsoft software via KMS server simulation. Offline activation method. Activation lasts for a limited period before needing to be renewed. KMS activator usage might be illegal according to Microsoftâ??s policies. Not suitable for prolonged or business-related usage. Works with multiple versions of Microsoft Windows and Office.
