## Microsoft Office helps users succeed in work, education, and creative endeavors.

Microsoft Office ranks as one of the most trusted and widely used office software worldwide, incorporating everything required for effective management of documents, spreadsheets, presentations, and beyond. Versatile for both professional settings and daily tasks in your residence, school environment, or work setting.

### What programs come with Microsoft Office?

#### Microsoft Teams

Microsoft Teams offers a multifunctional environment for communication, collaboration, and video calls, designed as a universal tool for teams of any size. She has established herself as a core element of the Microsoft 365 ecosystem, merging chats, calls, meetings, file sharing, and third-party service integrations into a single workspace. The core purpose of Teams is to give users a unified digital environment, where you can chat, coordinate tasks, hold meetings, and collaboratively edit documents all within the app.

#### Microsoft Word

A top-tier document editor for creating, editing, and applying formatting. Supplies a wide array of tools for handling textual content, styles, images, tables, and footnotes. Allows real-time collaboration and offers templates for rapid setup. Word offers a straightforward way to create documents from the beginning or utilize a selection of built-in templates, spanning from resumes and letters to formal reports and event invites. Modifying fonts, paragraph arrangements, indents, line spacing, lists, headings, and style options, helps make documents clear and professional.
