Microsoft Office enables efficient work, studying, and creative projects.

Across the world, Microsoft Office is known as a leading and reliable office productivity suite, featuring all necessary resources for efficient management of documents, spreadsheets, presentations, and more. Well-suited for both work-related and personal use—whether you're relaxing at home, studying at school, or working at your job.

What's included in the Microsoft Office bundle?

Skype for Business

Skype for Business is a corporate platform for communication and online collaboration, that provides instant messaging, voice and video calls, conference features, and file sharing options as part of a singular safety solution. An adaptation of Skype, specifically developed for professional environments, this infrastructure provided organizations with tools for effective communication inside and outside the company based on the organization's security, management, and integration requirements for other IT systems.

Microsoft Excel

Microsoft Excel is considered one of the most effective tools for working with structured and numerical data. Globally, it facilitates reporting, data analysis, forecasting, and data visualization tasks. Owing to its comprehensive set of tools—from simple arithmetic to complex formulas and automation—Excel can handle both routine tasks and professional analysis in areas such as business, science, and education. You can effortlessly create and edit spreadsheets with this program, prepare the data by formatting, sorting, and filtering based on the criteria.

Power BI

From Microsoft, Power BI offers a powerful platform for business analytics and data visualization intended to streamline scattered data into easy-to-understand, interactive dashboards and reports. It is meant for analysts and data professionals, for casual users who require simple and understandable analysis tools without technical prerequisites. Reports can be easily shared thanks to the Power BI Service cloud platform, updated and available from anywhere around the world on various gadgets.
