5. **Teams integration**

   Seamlessly integrate communication and collaboration tools with Office apps in Microsoft Teams.

Microsoft Teams

Microsoft Teams is an integrated platform for communication, teamwork, and virtual meetings, developed as a universal solution for teams of any size. She has established herself as a vital element of the Microsoft 365 ecosystem, integrating chats, calls, meetings, file exchanges, and other service integrations into one workspace. The core purpose of Teams is to give users a unified digital environment, where you can communicate, organize tasks, conduct meetings, and edit documents collaborativelyâ??inside the app.

Microsoft OneNote

Microsoft OneNote is an electronic notebook designed to enable fast collection, storage, and organization of notes, ideas, and thoughts. It pairs the simplicity of a traditional notebook with the innovations of current software: here, you can write, insert images, audio, links, and tables. OneNote is adapted for personal use, studying, professional tasks, and group collaborations. Thanks to Microsoft 365 cloud, all entries automatically sync between devices, providing data access on any device and at any time, whether on a computer, tablet, or smartphone.
