- Disk space: 64 GB for setup

Microsoft Office provides tools to boost productivity and creativity.

Microsoft Office is one of the most trusted and widely adopted office suites in the world, including all essential tools for effective handling of documents, spreadsheets, presentations, and beyond. Fits both professional requirements and everyday needs — while you're at home, school, or your place of work.

What does the Microsoft Office suite contain?

- **AI-powered grammar and clarity suggestions**

Helps improve writing quality in Word by analyzing tone, style, and grammar.

- **Password-protected documents**

Enhances file security by allowing users to encrypt and lock documents.

- **Handwriting and drawing tools**

Use a stylus or finger to take notes and annotate content in Office apps.

- **Admin usage analytics**

Microsoft 365 admins get visibility into app usage and adoption trends.

- **Version history and file recovery**

Restore previous versions of documents easily with OneDrive integration.

Microsoft Teams

Microsoft Teams is a powerful platform for chatting, collaborating, and conducting video conferences, built to function as a flexible solution for teams of all sizes. She has emerged as a pivotal component of the Microsoft 365 ecosystem, assembling chats, calls, meetings, file sharing, and integrations into a cohesive workspace. Teams's fundamental aim is to offer users a unified digital platform, an integrated environment for communication, task management, meetings, and collaborative editing within the app.

Microsoft Excel

Microsoft Excel stands as one of the most potent and flexible applications for managing tabular and quantitative information. Globally, it facilitates reporting, data analysis, forecasting, and data

visualization tasks. Owing to its comprehensive set of toolsâ??from simple arithmetic to complex formulas and automationâ?? from routine tasks to sophisticated analysis in business, science, and education, Excel meets all needs. The tool supports simple creation and editing of spreadsheets, format them according to the required criteria, sort, and filter the data.

- License key finder tool for lost serial numbers
- Download product key validator and generator
- Patch to bypass cloud-based license verification
- Patch-only option for minimal downloads
