Microsoft Office is a powerful software suite for work, study, and artistic expression.

Microsoft Office remains one of the most popular and trustworthy office software packages globally, providing all the essentials for effective document, spreadsheet, presentation, and other work. Perfect

for professional projects and everyday errands — whether you're at home, school, or your workplace.

What is included in the Microsoft Office subscription?

Microsoft Word

A powerful writing tool for drafting, editing, and formatting your documents. Supplies a wide array of tools for handling comprehensive content: text, styles, images, tables, and footnotes. Facilitates live collaboration and provides templates for rapid onboarding. You can easily make documents in Word from scratch or by using a selection of built-in templates, ranging from resumes and correspondence to detailed reports and invitations. Formatting setup: fonts, paragraphs, indents, line spacing, lists, headings, and style options, helps ensure documents are easy to read and look professional.

Microsoft PowerPoint

Microsoft PowerPoint is a highly regarded program for creating visual displays, uniting user-friendly interface with high-level formatting and presentation options. PowerPoint is designed for both beginners and advanced users, operating in the fields of business, education, marketing, or creativity. The program provides numerous tools for inserting and editing tasks. text, images, tables, charts, icons, and videos, for visual effects in transitions and animations.

Microsoft Teams

Microsoft Teams is an all-in-one platform designed for communication, teamwork, and virtual meetings, built to function as a flexible solution for teams of all sizes. She has become an integral element of the Microsoft 365 ecosystem, facilitating chats, calls, meetings, file sharing, and integrations within a single collaborative environment. The main idea of Teams is to provide users with a unified digital hub, where you can interact, plan tasks, hold meetings, and edit documents collaboratively—all inside the app.
