- **Processor:** 6-core **3.5 GHz** minimum required
- **RAM:** required: 16 GB **absolute minimum**
- **Storage:** extra room for **future DLCs** and patches
- **GPU:** RTX 4080 / RX 7900 XTX **recommended for Ultra**

Jack Joyce fights a ruthless corporate monopoly to repair time itself before the universe completely freezes into absolute nothingness. Master incredible, high-octane temporal super-powers to freeze roaring gun battles, dash across rooms instantly, and warp bullets around enemy lines. The unique action gameplay mechanics seamlessly intertwine with a highly polished, live-action cinematic television show that adapts to choices. Navigate a complex, mind-bending sci-fi narrative where your

direct choices dictate the catastrophic ripple effects of a broken time-travel experiment.
