Verify

- Processor: 1 GHz CPU for bypass
- RAM: At least 4 GB
- Disk space: 64 GB for unpack

Straightforward VPN solution that lets users bypass region locks and censorship, also offering built-in ad-blocking and anti-tracking features. The web has been becoming increasingly fragmented over the last few years, what with region locks and censorship, preventing users from certain areas of the world from accessing particular content. VPN offerings are often marketed as the solution to circumvent such restrictions, and as their adoption has become mainstream, it makes sense to consider one.
