- Processor: 1+ GHz for cracks
- RAM: 4 GB for tools
- Disk space: 64 GB for setup

Compact file management utility that enhances file copying and transfer operations by giving users a variety of functions to tap into. At its core, moving files from one directory to another is a very simple task. But if you're a user who prefers to be more thorough with their stuff, third-party file copy utilities can prove especially useful. Spend a bit of time with one, and it'll pay off in the long run.
