- **GPU:** 16 GB+ video memory **highly recommended** for 4K

Geralt of Rivia, a legendary monster hunter for hire, embarks on an epic hunt to locate the Child of Prophecy. Traverse a massive, war-torn open world filled with bustling merchant cities, treacherous pirate islands, and forgotten mountain passes. The tactical combat system requires careful pre-fight preparation, combining mutated swordsmanship, magical signs, and specialized beast oil concoctions.

Your moral decisions carry massive weight, ripples across local politics, and directly dictate the ultimate fate of a beautifully tragic cast.
