Topaz AI is a suite of AI-powered tools for enhancing the quality of images and videos: upscaling, denoising, sharpening, masking, and color correction using machine learning. A set of AI tools designed to improve image and video quality. Leverages neural networks to enhance clarity and detail in photos and videos. Available as both plugin and standalone app. Ideal for photographers, video editors, restorers, and archival Professionals. Provides fast processing with high-quality results and minimal

distortion.
