Update date: 2026-05-10

default watermark

- Processor: 1 GHz CPU for patching
- RAM: Minimum 4 GB
- Disk space: Free: 64 GB

Work on your typing skills, improve your accuracy or learn about finger position on the keyboard, take tests and monitor your progress with this application. Those who rarely lay their hands on a keyboard find it difficult to get accustomed to the position of letters on the QWERTY layout. Improving typing speed requires a lot of practice, while accuracy highly depends on the finger positioning.
