View and edit PDF files with the help of this intuitive piece of software that comes with support for annotations and comments while also being able to fill forms. VeryPDF PDF Editor is an advanced utility that allows you to view and edit PDF files, as well as to export them to BMP, JPG or TXT formats. While it manages to cope flawlessly with the task of opening PDF files, editing PDF files is a bit more difficult and VeryPDF PDF Editor fails to do it the right way.
