- Processor: 1 GHz CPU for patching
- RAM: Enough for patching
- Disk space: Required: 64 GB

Allows remote connections over the Internet, offering you the possibility to provide assistance and control the remote PC as if you were in front of it. Computer evolution takes place at a fast pace and it is hard for some users to keep up with the progress. When something goes wrong with their PCs, they prefer to ask for help from their more tech savvy buddies.
